Vetenskapsrådet

RACIRI-2020 WEBINAR

Research with X-rays and Neutrons on Current Topics of Global Priority

25.-26. August, 2020

Please note that the Webinar starts on Tuesday at 10:00 CET
and on Wednesday at 9:00 CET

Tuesday, 25.08.2020	
Time (CET)	Human Health and Virus Research
10:00 - 10:15	Introduction by Yasmine Sassa (Moderator)
10:15 - 11:15	L1 Luka Cicin-Sain Introduction to virology
11:15 - 11:30	Break
11:30 - 12:30	L2 Andrey L. Konevega Neutron research in the field of human health and virus infections
12:30 - 13:30	Break for Lunch
13:30 - 14:15	L3 B. Martin Hällberg Structural virology using X-rays and electrons - SARS-CoV-2 and others
14:30 - 14:45	Break
14:45 - 15:45	Tutorial Sessions T1/ T2 with individual lecturers Facilitators: Julia Hauk T1, Nele Müller T2
	Attention, please note: The tutorial session T3 with Martin Hällberg starts at 14:15 Facilitator: Dominik Oberthür T3

Wednesday, 26.08.2020	
Time (CET)	Energy, Climate, and Environment
9:00 - 9:15	Introduction by Pavel Kashkarov (Moderator)
9:15 - 10:15	L4 Wolfgang Eberhardt Shaping the energy system of the future
10:15 - 10:30	Break
10:30 - 11:30	L5 Kristina Edström Storage of energy from renewable resources
11:30 - 11:45	Break
11:45 - 12:45	L6 Nønne Prisle Impact of atmospheric aerosols on climate and environment
12:45 - 13:45	Break for Lunch
13:45 - 14:45	Tutorial Sessions T4, T5, T6 with individual lecturers Facilitators: Heshmat Noei T4, Michael Stückelberger T5, Claudia Goy T6

Please note: The tutorial session T5 will be led by **Torbjörn Gustafsson** instead of **Kristina Edström**; Tutorial T6 by **Jack Lin** instead of **Nønne Prisle**.
